

Four Scouts invested

It was a proud night for four Stouffville boys and their parents, Thursday. The lads were invested into the 3rd Stouffville Scouts. The Troop Leader is Bill Earley. Taking the step up are (left to right) — Darren Barthau, Chris Crockford, Donovan Elliot and Steven Johnstone. —Jim Thomas

Stouffville's water quality 'good'

STOUFFVILLE—Stouffville's water quality is described as 'good' in the 1987 annual report prepared by the Ontario Environment Ministry.

The in-depth ten-page brochure, accompanied by a covering news release plus tables and graphs, was received by The Tribune Friday.

The information is all part of

an ongoing testing system that began back in 1986. Initiated in Whitchurch-Stouffville, the program has been expanded to include 44 locations across the province. Eventually, the report says, it will cover all municipal drinking water supplies in Ontario.

The bottom line as far as Stouf-

ville is concerned reads as follows:

"Treated drinking water from the Whitchurch-Stouffville water supply system met all health-related chemical contaminant guidelines during 1987. The Stouffville water supply for the sample year of 1987 was of good quality."

The report in its entirety is available by calling 323-4321 or 467-3013.

Pool location queried

I was interested in remarks made by Donald Bigioni, candidate for Council in Ward 6 at the All-Candidates Forum Oct. 28.

Mr. Bigioni mentioned the adding of an indoor pool at Stouffville Dist. Secondary School and that he had talked to "several people from the board."

To date, I've been unable to ascertain to whom Mr. Bigioni spoke. As a trustee entering my seventh term, I'm unaware of such a proposal.

Again, Nov. 2 at the Vandorf Community Hall, Mr. Bigioni suggested an indoor pool be attached to the High School.

SDSS is a public school, paid for by public school taxpayers. As a separate school supporter, does Mr. Bigioni expect public school supporters to subsidize this pool?

Harry Bowes,

Member, York Region Board of Education for Whitchurch-Stouffville

RE-ELECT JIM SANDERS

Ward 6 Council
Whitchurch/
Stouffville

- Sainsbury is a community leader
 - Fran speaks with sincerity

WILF SPEAKS OUT ON OUR FUTURE

LEADERSHIP...

— We MUST take control of our future with strong leadership. A strong lead in negotiations with all levels of government.

TRAFFIC...

- Who's in control?
- Pedestrian help (east & west)
- Ninth line congestion
- Bloomington Road - need for lights
- Southern Thru-Road

ADMINISTRATIVE OFFICES...

- Purchase parcel of land on outskirts of Stouffville (40-50 acres)
- Develop it and sell off two thirds
- Sell present town offices (Possibility for theatre or dining)
- Sell present fire hall
- Turn works department area into parking for park
- With assets we can build new efficient complex at very little cost to tax payers
- Review alternatives for 2nd fire hall in rural areas

RECREATION FACILITIES...

- Find more efficient & reasonable way to build pool complex
- Involve developers in funding

WILF MORLEY

We Must Take Control

Elect for Mayor:

WILF MORLEY X

For a ride give us a call 640-3422

Inflated egos

Dear Editor:
I must admit that ordinarily municipal elections don't excite me all that much.

They're rather ho-hum affairs. One thing aggravates me, however. That is the ego of some people who think the position of mayor is so trivial they can 'come out of the woodwork' and contest the office.

In my opinion, such folks are selling the electorate short — on commonsense.

These individuals may be exceptionally clever, but experience, in my opinion is the best, (and only) teacher.

Sincerely,

Burt Grey,
R.R. 4, Uxbridge

MUNICIPAL

SUSAN PARA WARD 1
Councillor Uxbridge

ON NOVEMBER 14....

VOTE FOR G-3

Gravel — better relationship with our industrial neighbours
Growth — minimal, well planned controlled
Garbage — expanded collection and recycling
