Home of the Week

This week's home of the week is a spacious and bright 10-room lifestyle home, listed with Century 21 Armour Real Estate Inc. at \$369,000. The home, at 34 Woodlawn Way N., Markham, is located in a mature residential area close to schools, shopping and public transit. Unfortunately in the Dec. 9 Weekender, the wrong interior photos of the house were published — these are the correct ones. The house has a spacious master bedroom with a large ensuite. Other features include an upgraded European Kitchen, separate dining room overlooking the living room with 12-foot ceilings. There's light grey broadloom on the upper level and hardwood flooring on the main levels of this multi-level home. A recreation room with a walkout and a games/office room, all are at ground level. Decks and balcony, and the many walkouts give accessibility to the yard. The family room has a brick fireplace and is close to the rec room, allowing for large-scale entertaining. For more information, call Wanda Kern at 471-2121.
