Sixteen-year-old Jada Myers is a Grade 10 student enrolled at Stouffville High. Following graduation, she hopes for a career associated with the medical profession.

'Girl Next Door'

Ski enthusiast

By JIM THOMAS
For 16-year-old Jada Myers, Park Drive South, Stouffville it's 'like mother, like daughter'. Or is it 'like daughter, like mother'? Jada's not sure, nor does it matter. What's important, they do things together. Jada's our 'Girl Next Door'. This mother-daughter 'friendship' goes back as far as Jada can remember. The 'togetherness' arrangement involves downhill skiing, indoor swimming and summer holidaying. "How does Mom keep up?" "It's the other way around," laughs Jada, with reference to her mother's boundless energy. A graduate of Grade 8 at Stouffville Christian School, Jada's now in Grade 10 at Stouffville High. Drama and Accounting are favorite subjects. Mrs. Stamitiou and Mr. McBride are favorite teachers. "They make the subjects interesting," she says. Following graduation, Jada hopes to train in either psychology or nursing, "something in the medical profession", she states. Although nothing quite matches the thrill of skimming down the slopes, Jada's also enrolled in jazz at The Dance Centre. In addition she enjoys windsurfing, taking lessons at Wilcox Lake. Jada honestly admits her mother's the most important person in her life. She also has kind words to say about Kelly Sheridan and Carri Swain, two of her closest friends. "They're super nice," she says.
