### Local speeders beware

Radar detector detectors have been added to the Ontario Provincial Police arsenal in its fight against speeding drivers.

The OPP will be the first police force in North America to operate the new hi-tech detectors in an effort to deter speeding — one of the major causes of fatal motor vehicle accidents.

A number of the devices have been purchased for the force's pilot project and will be distributed to detachments throughout the province.

Tested in the Oak Ridges area, 183 detectors were pinpointed during a 62-hour period.

In 1987 and 1988, officers seized more than 10,000 radar warning devices without the aid of the new device.

"The interest rates on our savings account are always better than the bank's. That's one reason why I changed to Standard Trust."

Mrs. Rosemary Castro MARKHAM, ONTARIO

"Along with their better interest rates, Standard Trust people are so friendly and helpful, it's a pleasure doing business with them."

"Everybody at Standard seems to know you, which gives you a comfortable feeling of being right at home whenever you come in. They make everyone feel welcome. It's a great feeling!"

If you want friendly, helpful people working for you, come into Standard Trust today and see the difference in service — and interest rates!
