# The Body Shop With The Right Equipment For Your Car

## Lazer Fast Rack for your Unibody

The unibody (unitized body) vehicles of today are very unique and require professional repairs. There is no frame, so body and chassis are one unit consisting of many parts joined together with thousands of welds, so even a minor collision is likely to put your car out of alignment. This can endanger the safety of you and your passengers if not corrected properly.

At Precision Auto Refinishing, our staff of trained professionals, using Guy Chart drive on unibody equipment and laser measuring devices specially used for unibody repairs, will restore your vehicle to factory specifications.

As a continuing commitment to our customers' satisfaction, we have enlarged our facilities to include a new Devilbiss Semi Down-Draft Spray Booth. We also handled all types of glass replacement, vinyl lettering, and signage.

**We are your full service Auto Body Shop  
assisting you with insurance claims  
& rental cars.**

**Refinishing done in a newly installed  
Devilbiss Semi Down Draft Spray Booth,  
using R.M. acrylic enamel and  
clear coat paint.**

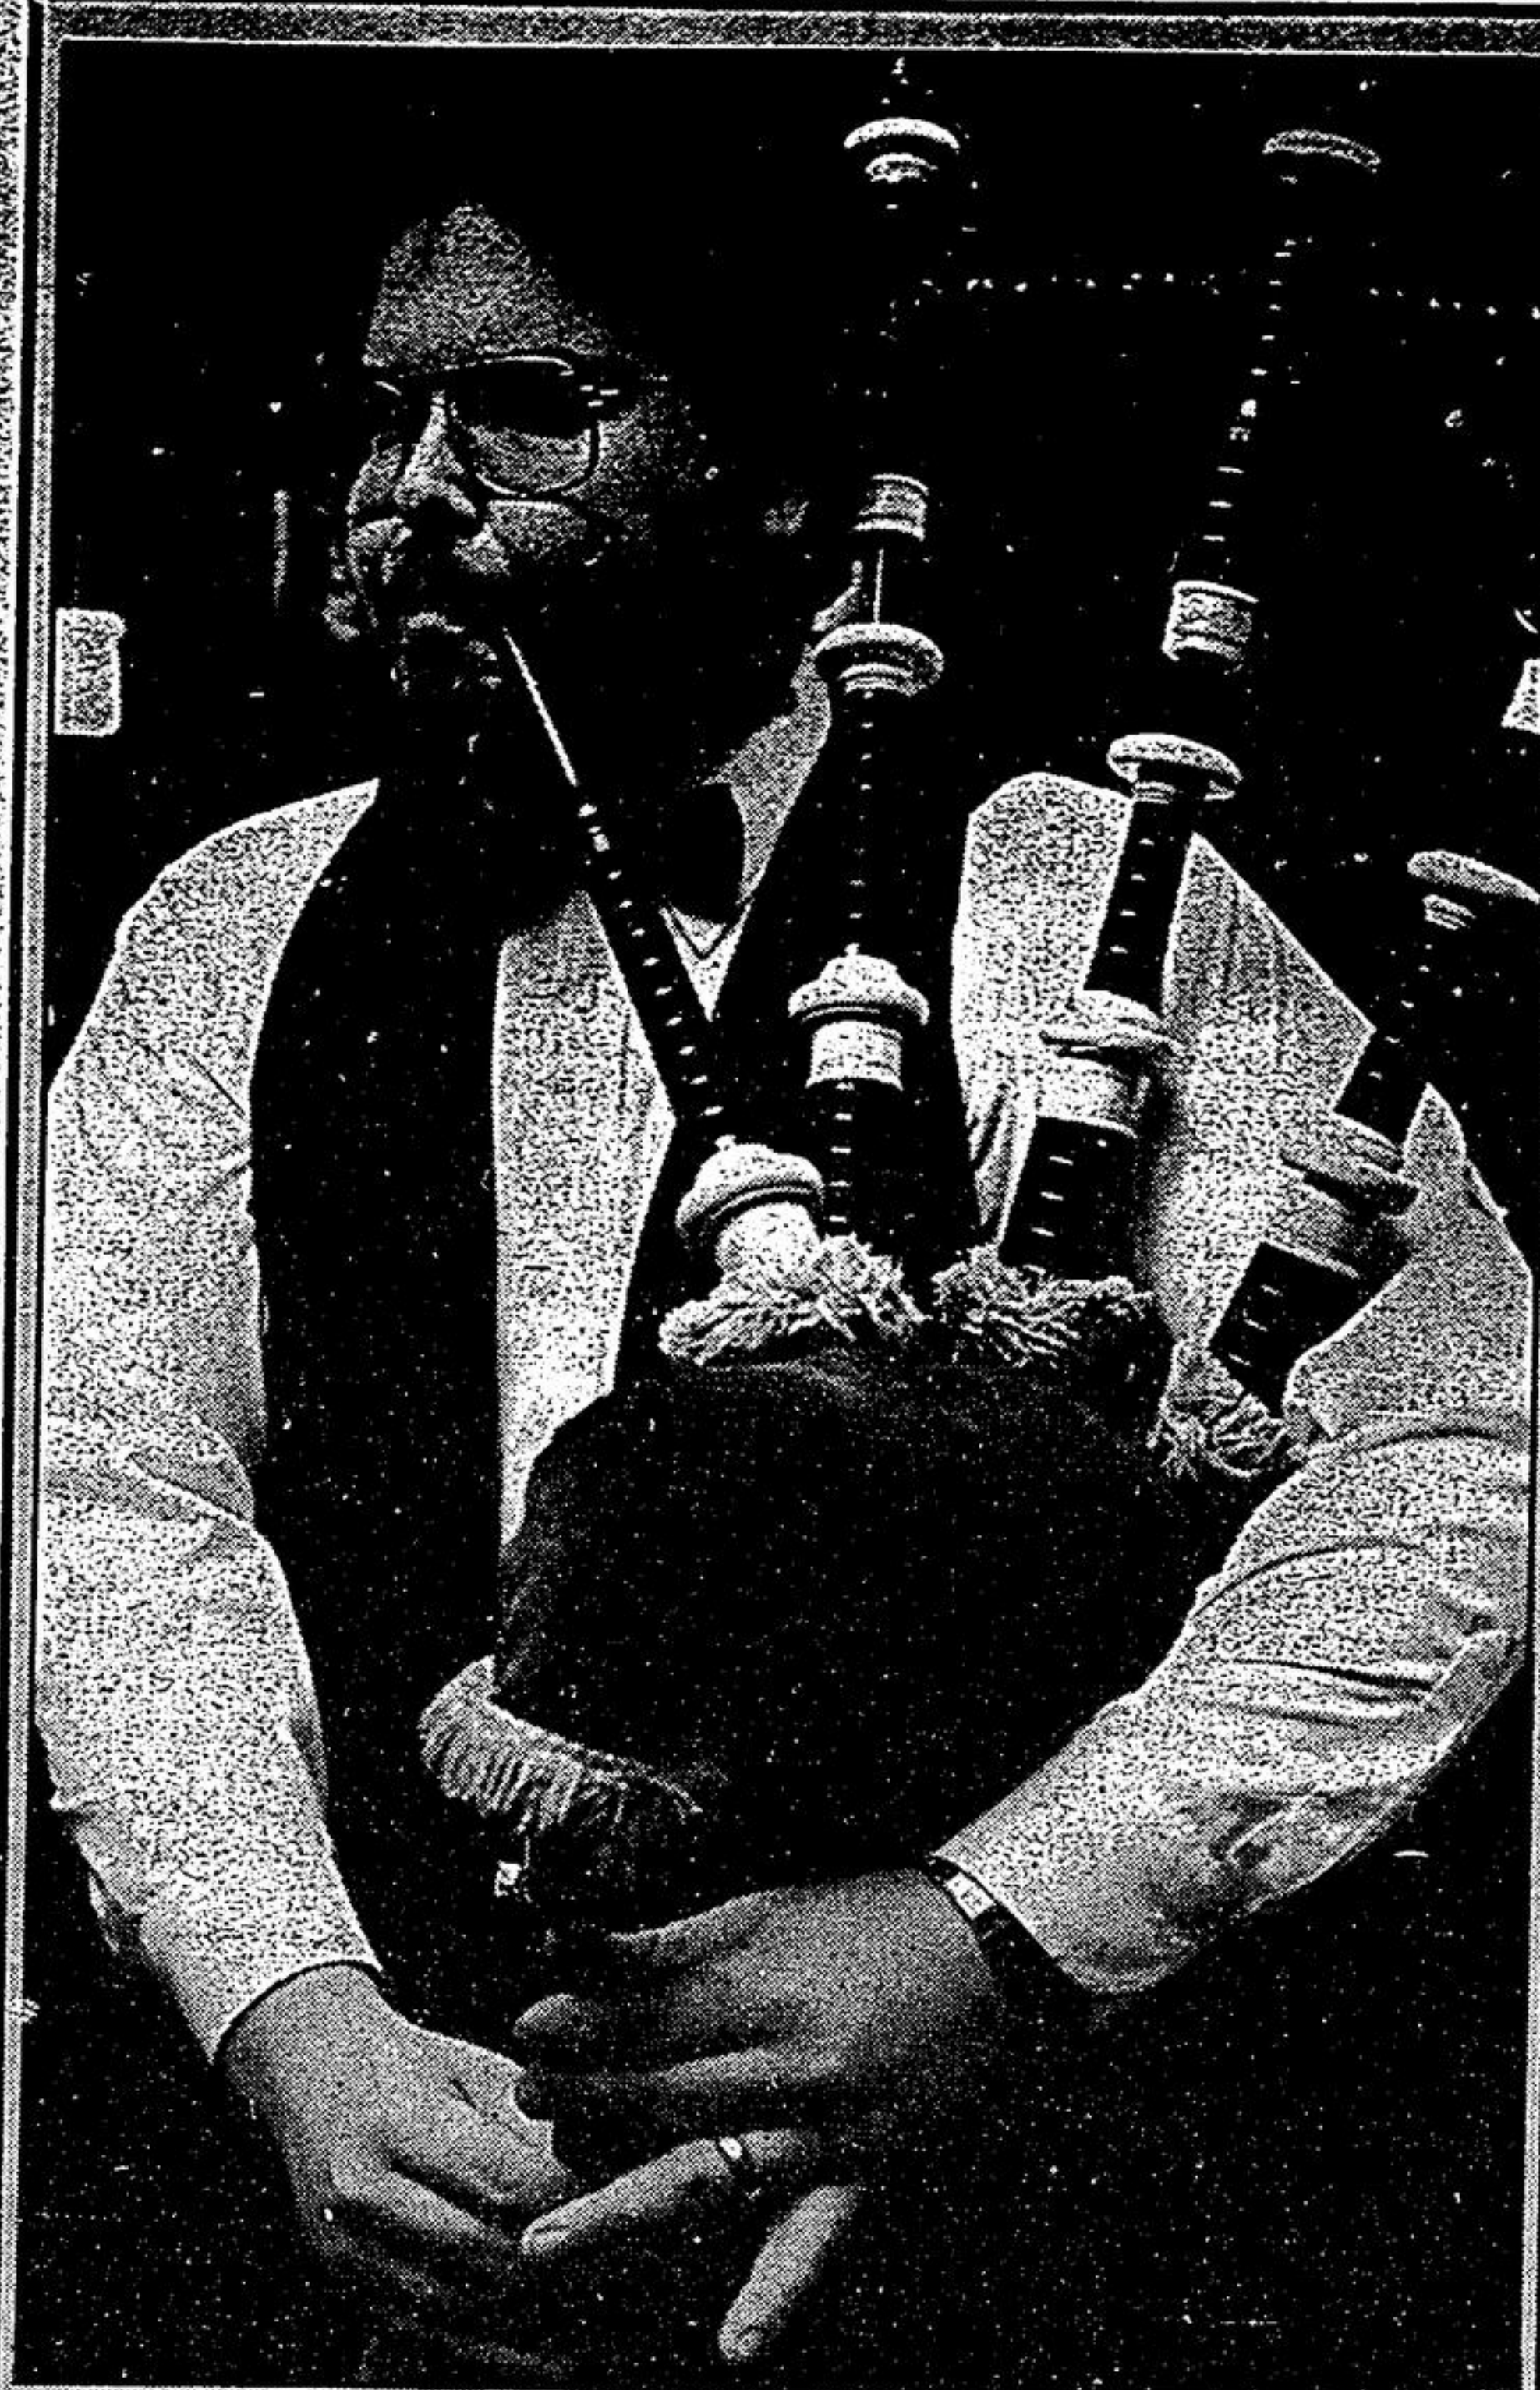

- Licensed body repair technicians with over 15 years of experience.
- Serving Uxbridge since 1983.

## Scot's style scoff

Photos / RICK MADONIK

Stouffville's Earl of Whitchurch on Main Street provided the perfect setting last Thursday to celebrate Robert Burns Day. Above, Hugh Murray pipes in the haggis, a traditional meal of oatmeal and spices wrapped in a sheep's stomach. Below, the haggis is prepared for serving to Stouffville guests at the event.

Kids-to-kids... an effective approach to teach Canadian youngsters about safety rules. Who are these safety ambassadors? They are members of The War Amps Child Amputee (CHAMP) Program. Since launching a safety awareness program over 10 years ago, thousands of youngsters have learned from the message: "Safety is no accident, so PLAYSAFE!"
