**Byblow, Waite, Fitzpatrick  
power Capitals over Rangers**

Zenon Byblow, Ted Waite and Pete Fitzpatrick each fired a pair of goals to propel the Kellington Capitals to a 6-4 win over the Consortium Group Rangers in recent Stouffville Intermediate Hockey League action at the Recreation Centre.

Pete Sinclair, Gary Carr, Mark Savery and Al Rugelis responded for the Rangers.

In other action, it was Lee Brown and Doug Todd leading the way with two goals each as the Dave Blow Insurance Whalers skated to a 6-3 victory over the A & S Construction Red Wings.

Brent Brown and Dave Simpson also scored for the winners, with Mike Glenn, Kevin McGuckin and Robin Comfort counting the Wings markers.

Mike Feasby's two goals were the difference in Boyd's Sports 5-3 triumph over the Williamson Kings. Scott Sutherland, Claude Maillet and Paul Westerman rounded out the Boyd's scoring.

Naz Nicastro, Kevin Bartley and Paul Barry replied for the Kings.

**PLANNING ONTARIO'S FUTURE ELECTRICITY NEEDS**

**Ontario Hydro would like to share its thoughts on tomorrow's electricity needs**

And we invite you to give us yours.

Over the years Ontario's appetite for electricity has been steadily growing. Within the next ten years, we face the very real possibility that demand may outstrip our available supply.

That's why Ontario Hydro has introduced "Providing The Balance of Power" a proposal that looks at how we can make the best possible use of all our existing resources, examines the possibilities of purchasing electricity from our neighbours, discusses the need for new generation and suggests why wise energy use at home, in fac-

ories and in the office is essential. It sets out the issues that will affect all our energy futures in the years ahead.

You're invited to discuss Providing the Balance of Power at the Ontario Hydro Information Centre.

We need your views—we need your feedback.

Staff at the Information Centre are there not only to explain the proposal, but

more importantly to listen to your ideas and views on the future...and record your suggestions.

You will receive a questionnaire which can be filled out at the Information Centre, or, if you'd prefer, mailed from home later on. And you'll also receive a copy of a comprehensive

52 page book that explains the proposal.

Your feedback is an important part of the process in meeting tomorrow's energy needs.

You're invited to join us.
