Oldtimers hockey reunion honors past players

They'll be reliving old stories, honoring yesterday's legends, and remembering a distinguished team at the fourth annual Markham-Stouffville Oldtimers Hockey Association Reunion May 11.

The association executive has released its plans for the get together to be held at the Stouffville Recreation Centre Lounge.

The event will once again be open to the players, wives, backers and spectators of Markham and Stouffville hockey over the past half century.

Once again, the association will continue with its tradition of honoring three players and three builders for their contributions to the hockey heritage of the Markham-Stouffville area.

A special recognition will also be paid the members of the Peach's Hockey Team, which played in the Toronto Hockey League (THL), as well as local and community leagues in the 1950s and '60s.

New this year will be the telling of humorous anecdotes from days gone by from 10 former players. This will take the place of a formal guest speaker.

The reunion, which will include dinner, is expected to draw about 200 people, including members of the old Markham Millionaires and Stouffville Clippers teams from the 1940s to '60s.

Tickets for the reunion will cost \$15 per person.
