

## A message from The Mayor and Council

---

On behalf of the members of Council, I would like to congratulate the supporters, planners and builders of Markham Stouffville Hospital. It is a testament to the caring, concern and cooperation of the many thousands who have made this the most successful fundraising campaign for any hospital in Ontario. They have made this dream a reality.

Our thanks go to the more than 11,000 individual and group contributors and to the dozens of community leaders who have served on the hospital's board over the past 22 years. A special note of thanks goes to the Region of York for its contribution of more than 20 million dollars and to the Province of Ontario, which has helped through various Ministries, in particular the Ministry of Health. We also thank the more than 500 individuals now involved in the hospital's Volunteer program.

The hospital is a job well done, and a credit to the community. Judging by the number of tours taken by scouts, guides, senior and service groups, enthusiastic support for the hospital is strong and growing.

On behalf of the members of Council, I congratulate all those who have been involved in the planning and completion of the Markham Stouffville Hospital.
