New store helping to design local interiors

With the trend towards romantic and more ornate decor in both old and new homes, people are turning increasingly to professionals for ideas to help them create their own unique environment.

Lisa Freeman, owner of Interiors Uniquely Yours, which recently opened at 161 Main Street West, offers both expert advice and a wonderful selection of designer fabrics and wallpapers, fine furniture and accessories to enhance your home.

Ms. Freeman, who now resides in Greenbank, lived in town for a number of years and attended Stouffville District Secondary School. "I had a store in Whitby for a year with my mother, but I always gravitated back here for shopping and to see people I knew. I also kept my eyes open for when the right store became available."

When the owner of Main Frame Art Gallery contacted her and told her the store next door was available, she jumped at the chance. Everything at Uniquely Yours is custom ordered, states Ms. Freeman. "I do furniture and re-upholstery as well as draperies, blinds and different accessories."

Among the most striking accessories are lamps with shades and bases custom-designed to exactly match the wallpaper or fabric of the customer's choice. If you're on a budget, but want to add some character to a room, you'll find beautiful mirrors and silk plants in baskets which can create an interesting focal point in any area of the home.

Ms. Freeman, who has an interior decorating diploma from Seneca College and has had seven years of practical experience, offers free consultations and will visit clients' homes to give advice and measure for draperies. Store hours are 10 a.m. - 5. 30 p.m. Tuesday to Friday and 10 a.m. - 4 p.m. on Saturdays.
