**Lottery profits help hospitals.**

This is how Lottery funds are working for you in your area.

On the night of the car accident, Bruce was not expected to live. Fortunately, a specially equipped and staffed trauma unit was ready and standing by at a nearby hospital. This special facility helped Bruce beat the odds and he has returned to work.

Helping hospitals is just one way lottery profits are used. Lottery profits are also used to provide grants in other areas such as helping people with disabilities. They also help fund sports and recreation, arts and culture, and province-wide charities.
