The store also carries Canadian made boxer shorts for men, imprinted with wild and wonderful jokes and slogans.

### Jugs

For the born collector, British Toby has one of the best selections of toby jugs in Canada.

The fine Royal Doulton jugs come in a wide variety of characters and themes including the London collection which features a London bobby, a guardsman and Beefeater, and the ever popular pearly king and queen.

Also featured are the Three Musketeers, Henry VIII and his wives and a broad range of sea-oriented characters.

Jugs for yachtsmen and golfers are a popular choice for the

sports-minded collector. British Toby is located at 10 Centre Street in Markham.

### Computer

Originality is a trademark of Snobs Toys for the Executive, at 190 Main Street in Unionville.

The perfect gift for dads with cellular phones is a pad with a suction cup on it, which allows you to keep messages and notes right by the phone for easy reference.

Here you'll find the Atari Portfolio, a mini pocket-size computer.

For the video buff who hates carrying equipment, the Sony Handycam, which fits right into the palm of your hand, is a great choice.

The camcorder comes complete with a free bag.

Dad will actually enjoy polishing his shoes with Snob's electric shoe polisher, and wine connoisseurs will be delighted with Screwpull's elegant and exclusive wine bottle opener.

**Cars**  
Collectors of fine model cars will really appreciate a gift from Gentlemen's Court in the Markville Shopping Centre, whose models of die cast metal cars include Porsches, Ferraris and Jaguars.

Puzzle freaks will love a new brain teaser available in the store; a cube shaped puzzle which features pictures of objects such as clocks and pencil sharpeners.
