

A look at the Strawberry Festival

Tracy Emery, our 1990 Miss Whitchurch-Stouffville, posed for photographers after being crowned Thursday night. Tracy was on hand for several events during the rest of the Festival.

Crowds lined the downtown core for most of the day Saturday before the rain came. Most of the day's events were held before the storm struck Stouffville, and visitors to the Strawberry Festival weren't disappointed with the events the celebration had to offer.

There were lots of spills and thrills during the remote control car contest. Eric Miller, 11 (left) and brother Mark, 9, keep an eye on things. Below, Sara Pickering, 9, and her dog Jesse were chosen as the pet and owner who most resemble each other. A touch of make-up on young Sarah's nose was enough to do the trick for the judges.

Christopher Overend, 2, gets a rest atop father Desi's shoulders during the Festival on Saturday. Christopher sat perched on high so he could get a better view of the remote control car races on Main Street.
