ing acting lessons to improve his technique.

Mr. Britton says support from family and friends - including parents Margaret and Lloyd Britton of Lemonville - has helped him endure the two-year ordeal.

And he also appreciates their support as he follows his long-standing dream to become a professional actor.

His other interests include helping his mother as a volunteer with the York East Chapter of the Multiple Sclerosis Society of Canada.

Whitchurch-Stouffville resident David Britton practices snooker at his parents' home in Lemonville. He has come a long way since shattering his leg in a motorcycle crash in 1988 and has since embarked on an acting career. He credits the doctors who performed several operations to save his leg, and the support of his parents, in giving him the strength during his long journey to recovery.
