

TURKEYS ARE US!

There are three reasons why we have placed this advertisement.

The first reason is to introduce Al (Turkey Al for short) and his accomplice Mike. Al and Mike look after all the turkeys at the grocer.

The second reason is to explain just how good their old-fashioned birds are. Though all turkeys are created equal, most take a turn for the worse to be factory raised and processed into the frozen birds (some with artificial basting) that you'll find in the frozen food

section of any supermarket.

Our turkeys are free range, naturally fed and are aged after slaughter, just how they used to be. The natural flavour and moistness of Al and Mike's turkeys will come as quite a pleasant surprise to you unless, of course, you've had the good fortune to dine on one of their old-fashioned birds before.

The third reason is the price. \$2.19/lb., New York dressed, also very old fashioned.

A COUPLE OF POINTS TO CONSIDER WHEN YOU ORDER YOUR TURKEY:

- 1) New York dressed means the uncleaned weight. Your turkey will lose about 10%-15% when it's cleaned — so be mindful of this.
- 2) We'll do the best we can to fill your order exactly as you wish, but be flexible, turkey growing is not an exact science and sizes can vary somewhat.

IT IS VERY IMPORTANT TO ORDER EARLY
