## REUNION 91

### SDSS welcomes back former students

*Clear the track, it's open*

Stouffville District Secondary School held its Reunion 91 festivities on Saturday, and there were a huge number of events going on for the many former students to enjoy. Foremost among them was the official opening of the Stouffville Community Track at SDSS. Photo at left, the first runners to circle the track are Dave Connell, left, Jessica Franklin, centre, and Jim Rehill. Photo below left, Elaine Baxter looks through an old SDSS yearbook with Jennifer and Michael Robbins. Photo bottom middle, Burton Jagger and Carol Barber look at the track's wall of fame which lists the many people, community groups and companies who helped make the facility a reality. Photo bottom right, Cindy and Larry Harrison look at some of the displays on the wall from the year 1974. The Reunion was part of the annual Whitchurch-Stouffville Strawberry Festival.
