Stouffville Junior Merchants say thank you

Dear Editor,
This letter is to thank the many people who have supported the Stouffville Junior Merchants ball team this year. We have had a very successful year. We first won a men's tournament in Port Perry at the end of June. On the July 5 weekend, we won the Junior Elimination Tournament over 24 other teams in Kemprville, which gave us the right to represent Ontario at the Junior Nationals in St. John's, Nfld.

We achieved a very respectable 6- and 2- record and won the bronze medal. Finally, this past

weekend, we won the Junior A Provincial Championship, held in Markham. As most people are aware, travelling to a distant place with a large group of people as we did for the Canadian Championships, is a very costly undertaking.

We had expenses of approximately \$30,000, which have mostly been paid for. This was

only possible through the tremendous support given by the local community. We wish to thank our corporate sponsors, the many individuals who gave time or money, the community ball asso-

ciation, the Stouffville Pee Wee ball team, the Whitchurch-Stouffville Minor Ball Association, the Towns of Stouffville and Markham, the Region of York and the local newspapers for their coverage of our team this year. Many people have given a lot of time and energy for which we are very grateful. We especially wish to thank the fundraising commit-

tee, players, and parents, who sacrificed greatly in order to help us reach our goal.

It has certainly been reassuring to receive the support we have been given and to realize again how great a community we live in.

Howard Burkholder,

fastball coach

Stouffville Sotonians unite!

Dear Editor,
We would like to contact Christine Soules of Stouffville who wrote a letter to the Southampton Echo (England) a few months ago.

My mother-in-law passed the newspaper cutting on to us because her father is also buried in the same cemetery (on the Common) and we now live in Stouffville. There are several Sotonians in this area and we get together every so often for a "chin-wag" and bring along any other Soton exiles who want to join in the fun. So, if you are interested, please contact us at 642-3289. We'd like to hear from you.

Joan and Jim May,
Stouffville

Class Document Review & Revision

Notice of Review GO Transit is reviewing its Environmental Assessment Class Document (Class EA) a condition required when the current document was approved in 1988 by Ontario's Minister of the Environment.

The Class EA document outlines the process for assessing the environmental impacts of activities undertaken by GO Transit and for ensuring that impacts are addressed and minimized in compliance with Ontario's Environmental Assessment Act. Generally, GO Transit activities covered under the Class EA document include the construction of new commuter rail stations and bus terminals, and the expansion of existing commuter rail stations, bus terminals, and storage and maintenance facilities or yards.

Review agencies, representatives of interested or affected groups or agencies, and members of the public will be consulted during revision of the Class EA document. Opportunities will be provided for concerned parties to provide input throughout the review. Besides this notice, the public will be notified when the revised draft Class EA document is completed, anticipated for the spring of 1992.

Individuals and groups are encouraged to submit comments or questions about the GO Transit Class EA document and the current review at this early stage to ensure that all interests are known and issues raised.

For more information, or to be notified directly in future of subsequent phases of this review, please contact Ms. Eve Wyatt, P. Eng., Senior Project Development Officer, GO Transit, 1120 Finch Avenue West, Toronto (Downsview), Ontario M3J 3J8, telephone: (416) 665-9211 ext. 425.
