

SDSS gym spruced up with track record board

The Stouffville District Secondary School gymnasium continues to take on the look of a sports hall of fame.

The gym, which was spruced up last spring with the addition of banners listing all school sports championships throughout the years, now sports a brand new SDSS Spartans Track and Field Records Board.

The board lists track and field records and championships earned by SDSS athletes since the school's beginning.

Scott Croucher of the school's physical education department researched the records, while former phys ed head Jim Rehill converted the old records to metric.

The lettering is the work of local sign painter Jim Brazier. New records can be installed by removing the previous mark with a hair dryer, according to the school's present boys phys ed head Dave Connell.

Grade 9 student a hit in Bantam Clipper net

(From page 36)

he was nine, minding the nets on Novice, Atom and Bantam B rep squads. With the Bantam Bs last season, he was coached by his uncle, former American Hockey League star and Newmarket 87s coach West Jarvis.

He watches hockey videos, and plays road hockey right into the summer, according to his mother, Brenda Hackert. "I think he has progressed well," said Mrs. Hackert who admits the winter's family life revolves around Brad's hockey games and tournaments.

"His uncle has helped him,

but Brad's learned a lot on his own."

Hackert's love of the game has led him to attend summer hockey camp on two occasions, with his uncle Wes serving as instructor last year at the Auroa Highlands hockey camp.

BRAD HACKERT
Star goalie

Hackert says he'll do whatever it takes to make it to the pro leagues, and that he would be happy to see the proposed Junior B team for Stouffville

become a reality so he could try to play Junior hockey in Stouffville.

As for the satisfaction of being part of a provincial champi-

onship team, the feeling wasn't new to Hackert. He had played on the Stouffville Squirt softball team which won the Ontario Squirt title in 1989 and 1990. His Stouffville Pee Wee softball outfit went to the provincial finals last season.

"Winning is always a thrill," Hackert says.

Both he and his mother agree that the closeness and the friendships developed by playing with the same group of youths through the years is also significant.

"The kids have grown together, they are close and they all get along," said Mrs. Hackert. "They are good kids."

As for the future, Mrs. Hackert thinks there will be a few more winters yet of her and her husband Doug chauffeuring Brad around from arena to

arena. "We'll back him as far as he goes," she insists.

NO MATTER HOW LONG YOU'VE BEEN DRIVING, THERE'S ALWAYS ROOM FOR IMPROVEMENT.

Even if you've been driving for years, the YD Driver Improvement Program can help you upgrade your driving skills.

We give you in-car training in professional emergency maneuvers like brake-and-avoid, rear and front-crash avoidance, and threshold braking.

We'll show you defensive driving techniques for all weather conditions. Indeed, we'll teach you everything you need to know to avoid costly accidents.

Because when it comes to driving, we believe it's much safer to learn from us than to learn from your mistakes.

Call us for more information on our Driver Improvement Program.

Young Drivers of Canada
We teach people of all ages to drive and survive.
