

# Red arrow sculpture will help gallery: Reader

Dear Editor,  
What image does Stouffville have?

Stouffville is hockey, baseball, Strawberry Festival and flea market. Additionally, but not as

well known, Stouffville also has an artistic soul. If the Latcham Gallery dies, the heart of our cultural activities is gone. Most artists are solitary people working away quietly in the country-

side. Now we are attempting to become more visible. We need the support of outlying areas such as Aurora and Newmarket. However, many people don't know we exist as a region-

al gallery, or where to find us. One of our local artists, Ron Baird, a prominent sculptor whose work is well known as far afield as Expo 86 and as close to home as the Markham Stouffville Hospital, has offered to help. His answer to our visibility problem is very direct - a large, stylized red arrow that would quiver in the breeze and point to the library/gallery.

It has life. It has vitality - the sort of thing this town needs to entice outsiders to stop, and

perhaps linger awhile on Main Street.

Ron's sculpture is only the beginning. A prominent mural painter has also offered his services gratis, and there are many enthusiastic helpers. Their work could brighten our town and its future as an artistic centre, the home of the Latcham Gallery. Let's put Stouffville on the map.

Go for it!
