

New Ninth Line sidewalk is 'just great'

Dear Editor,
Having read the negative remarks that have been in the papers regarding the super sidewalk which was recently constructed on the

Ninth Line, extending from the Cluster homes where I happen to reside, to Main Street, I would like to make a positive comment. In my opinion, the side-

walk is just great. One can at long last walk up the Ninth without having to wade through mud and dirt and take one's life in one's hands each time.

As for other complaints, I fail to see them. If anything, the new sidewalk adds to the appearance

Failure to tender garbage contract an irresponsible move by council

Dear Editor,
For those who filled the Whitchurch-Stouffville council chambers Tuesday evening, it was abundantly clear that some of our elected officials (four members) have absolutely no regard or respect for government policy or the hurting taxpayer. While paying lip service to the concerns of the people and continually calling for better

communications and for more volunteers to do the work, the evening ended with the ratification of a \$2.3 million, five-year garbage contract that was negotiated, not tendered. It is very obvious these four members of council have no intention of regarding or respecting the concerns of those who elected them to these positions of trust and who pay the bills through their taxes.

The sad commentary being, we must endure this kind of arrogant, irresponsible approach to governing until November of 1994.
