

## Flag football put on hold

The red flag has been dropped on the recreation department's flag football program.

Recreation Programmer Peter Arnott says there were no formal registrations of teams for the proposed Saturday morning loop, which was to have played on the Rec Centre fields.

Arnott said plans were in the works to hold an exhibition flag football match involving celebrity teams later in the fall.

Marfan syndrome is a potentially fatal genetic disorder that affects the heart, skeleton, and eyes.

## FOCUS ON BUSINESS

David Palmer and his company Palmer Brothers Heating and Air Conditioning believe in top quality service as well as service to the community.

## Palmer Bros. committed to quality

When it comes to heating and cooling, it pays to consult Palmer Bros.

"Our work is second to none," said president David Palmer, who has over 25 years experience in the heating and air conditioning business. "We firmly believe in giving people a quality job for a fair price." He guarantees it, too.

That commitment to quality applies to the product as well as the service. Palmer Bros. Heating and Air Conditioning is a prime contractor of Canadian-made KeepRite products - "the best on the market", said David.

Palmer Bros. sell, install and service mid- and high-efficiency furnaces, central air conditioning, boilers and CFM Insta-Flame gas fireplaces. They also service and install commercial roof-top units. The firm is a member of the Better Business Bureau, has a Metro heating licence and is an authorized Consumer's Gas dealer. All the mechanics are licenced gas fitters.

Currently, the bulk of Palmer Bros.' business is converting homes from oil or electrical heating to natural gas because of the savings. (For clients in rural areas, where gas is not available, Palmer Bros.

can install an oil or propane system.)

"The cost of electric heating has gone out of sight," said David. "By switching to a high-efficiency gas furnace (from electric), you can save 60 per cent."

If a client chooses to finance the cost of installation, he added, the savings pay for the furnace; interest included. If they pay cash, they can realize immediate savings.

From now until the end of October, customers in Markham, Unionville and surrounding area currently not on natural gas will receive free rental of a water heater for a year with every gas furnace installation.

A good corporate citizen, as well as a highly respected firm, Palmer Bros. hosts an annual charity golf tournament - a project that takes three months to organize. This year, they raised \$3,260 for Participation House for the purchase of a motorized scooter; last year, they donated \$1,000 to the Hospital for Sick Children.

"It's our way of putting something back into the community," said David.

Palmer Bros. Heating and Air Conditioning is located at 245 Riviera Drive in Markham. For more information, call 759-4537 or 470-7563.
