

# Meeting with residents prompts removal of barricade

(From page 1)

Ward 6 councillor Ken Prentice, who opposed removing the barricade until all residents

have been notified, said it should remain in place until after the meeting in order to be fair to all concerned.

"We're not going to satisfy anybody in the interim. We're going to get a delegation from the people on the other side.

They won't like this," Prentice, who lives on Watson Dr., told officials this week.

Residents living on the opposite side of the barricade want it erected to prevent heavy construction trucks heading to the new section from passing by their homes.

But DiCostanzo said, "what about the trucks passing in front of my home?"

Mayor Fran Sainsbury said the problem could be solved by instructing trucks to use Durham Rd. 30 and added people should understand trucks "are a contributing part of our society."

A decision was expected to be made at the residents' meeting which was to be held last Thursday at 7 p.m. in the council chambers.
