Reader disgusted with candidates debate

Dear Editor,
The all-candidates meeting held at Parkview Village on Tuesday evening was very disappointing for the voters of Whitchurch-Stouffville.

The whole process was a set-up from the time the people gathered, choosing seating in very strategic places to the jockeying for positions before the microphone.

I waited in line for my turn to ask a question only to be told "sorry, time is up."

Only one resident of Whitchurch-Stouffville asked

a question, the rest of the questioners were from Markham or Thornhill.

The candidates spent much of their time telling us what was wrong with the other parties' platforms; they had little

time left to tell us what is right with their own party platforms.

To ridicule another's agenda, policies or programs is negative politics and we gain nothing.

Set-up meetings and smear ad campaigns serve only as insults to the intelligence of an informed electorate.

Disgusted,
Marion Wells,

NEVER AGAIN!

a War Amps video series

"In a war, everyone suffers... we must never let it happen again."

The War Amps believes it has a responsibility to warn younger generations about the true horrors of war. Who better to recount the battles as they really happened than the veterans who experienced war first-hand? The NEVER AGAIN! videos provide historical accounts of Canada's participation in the First and Second World Wars and Korea.
