Thanks from recycling group

Dear Editor,
I would like to express my thanks to *The Tribune* on behalf of the Recycling Group for doing such a super job promoting our Driveway Give Away event.
The piece on the front page was terrific and it really caught everyone's attention. Unfortunately

the weather did not cooperate on the day of the give-away and participation was not as good as we'd hoped.
However, the word did spread around town and the feedback we got was very positive, so we are planning to make this an annual event in conjunction with Waste

Reduction Week in Ontario. The newspaper is certainly the best medium for communicating with the public in this community and it's encouraging to see *The Tribune* helping to promote local groups and initiatives.
Keep up the good work, and thanks again for devoting space to the local Recycling Group.
Cam Wallis
President, Whitchurch-Stouffville Recycling Group

Candidate answers child

Dear Editor,
Re: Answer sought by 'youngster' about deficit
To Jennifer: You are a very wise and astute young girl, and your father should be proud of you for thinking about your future. Most people don't even understand that the deficit is the amount the government spends every year more than it receives in taxes. Our governments have been doing this every year now for a long time. This has resulted in a debt (or mortgage) for Canada of almost \$500 billion, which you and your generation will have to pay back. By the way, this is only the federal portion, there is also the provincial and municipal debts which have to be added on to that. I may not be able to get you answers on how it happened, but let me stress to you that it must stop now.

Joe Sherren, Reform candidate
