How does the Social Contract Affect You and Your Hospital?

- The government has reduced all hospital budgets by 3.5 per cent.
- As one of many measures being taken to respond to reduced budgets, hospitals in your community will be reducing staffing levels on designated days.
- Certain hospital services, departments and clinics will be closed on designated days.
- The staffing pattern for patient care areas will be similar to weekend coverage.
- Hospitals will continue to offer 24-hour emergency services.

The public are advised to:

1. Watch for ads announcing each hospital's designated days or call your local hospital:

York County - 895-4521, ext. 2506
 Markham Stouffville - 472-7059
 York Central - 883-2239

2. Be prepared for changes in the schedules of certain clinics and services.

Our staff and physicians appreciate your support and understanding as we strive to meet our provincially-mandated reductions while maintaining services.

Thank you from
 Your Community Hospital.
