

Motivational speaker gives hospital top marks

Markham Stouffville Hospital is cited as a place of "things gone right" by a noted motivational speaker and writer. Tom Peters' syndicated column dealing with excellence appears in numerous newspapers in the United States. Last month, in talking about quality management, he referred to Markham Stouffville Hospital as a place that aims to make patients glow. Peters said that instead of decreasing "things gone wrong" hospitals should concentrate on increasing "things gone right." He said the mission statement adopted last March by hospital president Marilyn Bruner and her colleagues is "brilliant." The mission statement affirms the hospital's commitment that every patient's visit will be a great experience.

DON DONER

To his many friends and customers, please come in and say hello to recognize his

50 Yrs.

in the

HARDWARE BUSINESS

Don officially retired on July 1, 1993 after serving customers for 50 years in Stouffville in the retail hardware business. His knowledge of hardware, his pleasant manner and his wonderful approach to looking after customers on such a consistent basis is remarkable. I personally do not know of anyone more qualified as a "true hardware man". We truly miss Don in our store but certainly respect his desire to take some time for himself. We also sincerely hope that as time passes he may get bored enough to return, at least on a part time basis.

In order to honour Don on SAT. DEC. 18th (8:30-6:00 p.m.) we are offering the following specials:

1ST 150 LADIES - A FREE CARNATION
