

SDSS Scene

Semi-formal dance was smash success

On Friday, Dec. 10, Stouffville District Secondary School held its annual semi-formal. The semi is always held in the SDSS gymnasium. This year the decorating committee really out-did themselves.

The centre of the ceiling was dominated by a large mirrored ball.

Leading out from it were strings of small white Christmas lights, giving the illusion of stars. (Well, maybe not quite but they were beautiful.) The back of the gym had been hung with a large mural depicting snow and Christmas scenes. There was also a white

patio swing-chair and a flowered arch to add to the atmosphere.

There were even (wonder of wonders!) real cloth napkins and real plates instead of the usual paper plates and plastic forks. The real surprise of the evening came at supper. Not only was the food edi-

ble, it was actually good! I don't know who catered it this year but I hope they are hired again!

The Social Conveners obviously put a lot of work in to this formal and it was well rewarded. I wish next year's a lot of luck following this act.
