# Town should set energy-saving example

Dear Editor,  
 If you are a hydro consumer in Stouffville you probably noticed a flyer with your bill last month asking consumers to conserve all the hydro possible between the hours of 5 to 8 p.m. so that the peak period can be lowered, thus making it possible for Stouffville Hydro to buy our power needs from Ontario Hydro at a lower rate.

When I went in to pay my bill, I asked Mr. Metcalfe if it would be possible to cut in half the use of hydro on the poles through the downtown corridor and I was informed that every other pole could be switched off but the control of the switches was the responsibility of the town.

switches pulled?  
 I'm quite sure we would still be able to see our way down Main Street with every other light turned off.

Would it not be reasonable to ask council to show leadership in this conservation effort and have the proper

## Thanks to friends of mental health

Dear Editor,  
 Three cheers to everyone in York Region who contributed to the success of the 1993 Festive Gifts Program of the Canadian Mental Health Association, York Region.  
 The program was supported through donations from more than 70 individuals, groups and businesses around the Region. Thirty-five hard-working volunteers then wrapped and assembled the gift boxes and baskets for over 400 people who suffer from mental health difficulties.  
 Special thanks go out to the Make-A-Child-Smile Toy Drive

for their donations and the Aurora Shopping Centre Management and Merchants Association for the use of a storefront as the Festive Gifts headquarters.
