

# Stouffville promoter brings ex-Elvis back-up to area

(From page 13)  
 company with Presley and devoted himself full time to the pursuit of his Christian ministry.  
 Shaban saw Sumner in concert when he was visiting Graceland a year ago, and was immediately impressed by the singer's versatility and his

Christian message. He subsequently contacted Sumner and asked if he would be prepared to stage a concert in Unionville. He also asked the singer if he would be willing to perform two songs with the Unionville Alliance Vocal Band, "and he very graciously agreed. These

kids were going crazy, because he'd sung with Elvis and they're going to sing with him." Also appearing at the concert will be gospel trio The

Retreads, advised Shaban. "We want to reach out to the community and get as many people as possible to join us." The free concert begins at

7:30 p.m. on May 13 at Unionville Alliance Church, on 16th Ave., between Kennedy and McCowan Roads. For more information call 477-1104.

DONNIE SUMNER

## Thinking about Eye Surgery to Eliminate Glasses or Contacts?

Dr. Y. Karas is an eye physician and surgeon who has performed over 6,000 refractive surgery procedures including both RADIAL KERATOTOMY and LASER KERATECTOMY. Dr. Karas is presenting an important and informative series of free seminars in order to discuss refractive eye surgery with people like you. Dr. Karas will discuss topics including how to tell if you are a good candidate for surgery, what the state-of-the-art procedures in the field are, how safe each technique really is, why the FDA has not approved Laser Keratectomy in the U.S., why some eye surgeons approve of refractive surgery while others disapprove of it, and, most importantly, any additional topics which interest you.

If you have been thinking of refractive surgery as an option for eliminating your glasses or contact lenses, you owe it to yourself, and to your eyes, to hear what Dr. Karas has to say BEFORE you make any final decisions. To make reservations for the next free seminar, or to book a free private consultation with Dr. Karas to discuss refractive surgery, please contact:
