

Lecture on TV's effect

Thirty-five years ago television was becoming a common appliance in Canadian households. Children played outside for hours, their parents secure with the knowledge that the neighbourhood was a safe haven while the evening news played on. With an increasingly hectic lifestyle developing, and an alarming decrease in the safety of typical communities, parents began to keep children indoors while they completed their day end duties. The TV grew not only into a babysitter, but also a powerful marketing tool and perhaps a blight.

Holy Trinity School in its continuing series of education eye openers, welcomes Len Minty to its lecture series. Minty has been an educational crusader throughout his life. His focus has been centered upon the inherent conflict between TV viewing and the education system.

His lectures delineate the differences between watching TV, Movies, Nintendo and Reading as they impact upon brain processes. He will also discuss the effects of four decades of TV on intelligence.

Holy Trinity School invites the public to join in this thought-provoking lecture on Monday, Jan. 18, at 7 p.m., at Holy Trinity School, 11300 Bayview Ave., Richmond Hill. For more information phone 737-1114.

Open house at Markham school

Somerset Academy, a co-educational day school for students entering Junior Kindergarten through Grade 8, is holding an open house on Saturday, Jan. 23, from 11 a.m. to 3 p.m.

You are invited to come and meet the Director, Maureen Van Loon, have a tour of the school and find out how Somerset's program can make a difference in meeting your child's education needs.

Somerset Academy was established in 1974. The school offers small classes with personalized programming, an enriched curriculum and a full range of extra curricular activities.
