Pennzoil Oil Change Centre offers lowest price in Markham

Professional, personal service is a trademark at Pennzoil 10 Minute Oil Change Centre. They stake their reputation on it.

No appointment is needed for their famous 10-minute oil change, which is performed by experienced and mature long-time staff using only top quality products, including Pennzoil, Castrol GTX and Quaker State.

The operation is new car warranty-approved, and is completely computerized, with up-to-date oil service data kept on file for each client's vehicle. Customers are given the opportunity to watch the staff work on their cars in clean, comfortable surroundings. And, as if that's not enough, Pennzoil 10 Minute Oil Change Centre has the lowest regular prices of any of their competitors.

Pennzoil 10 Minute Oil Change Centre is a family-run business with a reputation that is second to none. While the Fast Lube has been operating at its present location for four years, the same

owners have been satisfying their Markham clientele for eight years at California Kiss full-service car wash and Perma-Shine dealership right next door. This is an advantage because "customers can have direct dealings with the

principle owners if any problem should arise," said owner Don Tallis.

Pennzoil 10 Minute Oil Change Centre is conveniently located at 8 Laidlaw Blvd., just north of Hwy. #7, right next door to Speedy Muffler.

Fullerton to open 'neighborhood bar'

BRUCE STAPLEY Correspondent

Local rock musician Grant Fullerton has announced his intention to open a 'neighborhood bar' with a music theme at the site of the old Blue Orchid Restaurant on Main Street.

Fullerton, who currently hosts the Blues 107 Sunday night program on radio station Q107, will take over the old restaurant location in early March, when he plans to begin renovations and hopes to open March 29.

FULLERTON

Versatile

The versatile performer, who plays regularly at several area restaurant-bars, told *The Tribune* he is looking to create a "place for the people," with a mixed musical program and musical memorabilia throughout.

"Stouffville is supposed to be Music Town, Ontario. With me being a musician, we're going to emphasize that theme," he said.

"There will be no hard rock, but we will be all over the map in terms of the music we offer - rock, blues, jazz. We'll have an upright piano, playing everything from Fats Domino to Elton John music," Fullerton said.

Perform

Fullerton added that he plans to perform one night a week, with guest musicians coming in Thursday nights through Sunday.

"I know a lot of Toronto musicians who plan an eclectic bag. I want to create some excitement."

He will also offer a roadhouse type food menu, a pool table, and dart boards.

"The emphasis is on good times and friendliness," Fullerton said, whose wife, Kathy is to act as his partner.

Fullerton said he hadn't been looking to open a bar until recently when he thought it might be time to move his career interests into one location.

"Being a musician and a singer, I had never wanted to open a bar. But seeing the Blue Orchid building vacant, I decided to look into it. I've been on the road for 25 years, and you can't continue that forever.

"It might just be time for a career change."

Precious Moments
