All The Shrimp You Can Eat.

(And a side of beef.)

(limited time offer)

Steak And All-You-Can-Eat Shrimp \$9.99

OK, we're stretching it a bit. It's not a side of beef. It's actually a steak on the side. Tender and juicy and broiled to order. The perfect complement to all the crispy, golden shrimp you can eat. And though that may sound too good to be true, it's no exaggeration.

And if that's not enough, you'll also get your choice of baked potato or rice. So bring your family and friends along with a big, big appetite. Because this is one All-You-Can-Eat Shrimp offer with a lot of meat to it.
