TOWN OF WHITCHURCH-STOUFFVILLE

SPRING YARD WASTE COLLECTION

The Town of Whitchurch-Stouffville will provide special collection of organic yard waste on the regularly scheduled waste collection days during the following week:

JUNE 21ST TO 25th

Yard waste must be placed at the curb by 7:00 a.m. in CLEAR PLASTIC BAGS or tied in bundles having dimensions not greater than four feet long and one foot in diameter and weighing not more than fifty (50) pounds. Branches must not be more than six inches in diameter.

Organic yard wastes have been banned from the Keele Valley Landfill to help conserve its remaining capacity. Residents are requested to compost much of their yard waste or assist by taking measures to reduce the amount of yard waste.

Residents should not let their grass get too tall before cutting it. Grass clippings, less than one inch (25mm) long can be left on the lawn to fertilize the soil. In addition, grass and leaves can be mulched and placed around shrubs and plants to hold in moisture and deter weed growth.

Residents who have large quantities of yard waste or who do not wish to keep their yard waste until the next collection, may take this material to the York Region's Composting Facility. This facility is located on the south side of Bloomington Road, just west of Leslie Street and is open 8:00 a.m. to 4:00 p.m., Monday through Saturday, excluding statutory holidays.

For details on future yard waste collections, residents are requested to check their local newspapers for advertisements.

For further information, please call the Public Works Department at 640-1900 or 895-2423.
