Bankrupt Stock! Bankrupt StocK!

THE GREATEST BANKRUPT STOCK SALE OF THE AGE.

Having bought the two stocks of Dry Goods, Clothing, Carpets, Gents' Furnishing and Furs belonging to

Fred. Spofford, of Markham and Stouffville,

—At the rate of—

65½ Cents on the Dollar,

We commence d on

MONDAY, MORNING, NOVEMBER 28th,

At 9 o'clock sharp, the Greatest sale ever known. We were closed in both the Markham and Stouffville Stores on

SATURDAY, 25th,

All afternoon and evening also all day

MONDAY 27th,

For the purpose of checking over and

MARKED DOWN

Every line of goods in the

GREAT MAMMOTH HOUSE,

And on **Tuesday, 9 a. m.**, we opened both stores with a rush and continue to open each day at the same hour until the whole stock is turned into cash. We will close at 8 p. m. each evening except Saturday when we will keep open until 9 p. m. Now you all know that the whole stock is new choice goods well bought and well selected for the winter's trade, and the numerous customers of Mr. Spofford all well know the low prices and big bargains that his store was noted for, still they were nothing in comparison with what you can expect now as we bought the stock cheap and intend selling it likewise as we are anxious to get our money out of it and as the season is getting pretty well on for winter goods we will go in for clearing out at once all winter goods, consisting of Furs, Clothing, Mantlings, Blankets, Underwear, in fact the whole business must be turned into money before the new year.

The old staff are nearly all retained and an extra force on as well. Still if you are not all waited on at once don't be annoyed but exercise a little patience as we will do our best during the rush to have all properly waited on; and understand from the word "go" no second price will be made. Every article will be marked down to rock bottom price in **red ink** which will satisfy every man, woman and child who want to buy. And we might just mention that although we have a very large force of clerks they are all here for business and every customer **must** be **treated** with **civility**, still we will not allow curiosity seekers and people "who do not want to buy" to take up valuable time and valuable space. We expect to be jammed every day from 9 a. m. to 12 noon and from 1:30 p. m. to 8 p. m. and to do justice to our customers we want them all properly waited on and any mistake or any complaint must be made either to the manager or cashier who will see that everything is made right. Our store will not be opened until 9 a. m. each day during the rush so as to give the clerks a chance to have the goods put in shape. We mean business—the goods must go—the money is what we want and to get it quick we have decided to make things hump from the first go of.

The TRIBUNE has worked itself up to such a booming business paper that they could not give us as large a space as we required so we cannot tell you what all we are doing or what we intend doing but we will put a small list of prices below to give you an idea what the whole business will go for. Don't forget these goods and prices will not last forever, they are snaps, and "the first come first served" will have to be the motto, as we can't possibly replace the same goods at the prices we intend running them at. So don't delay or you will forever regret the opportunity of a lifetime for securing good new dry goods at a small rate on the dollar.

The great lung healer is found in that excellent medicine sold as Bickle's Anti-Consumptive Syrup. It soothes and diminishes the sensibility of the membrane of the throat and air passages, and is a sovereign remedy for all coughs, colds, hoarseness, pain or soreness in the chest, bronchitis, etc. It has cured many when supposed to be far advanced in consumption.

W. & A. Piper, who run a clover thresher, met with an unfortunate accident to their machine at the barn of C. J. Brodie, Bethesda, on Tuesday forenoon. By some means the steel tooth of a hayrake was gathered up with the clover and put into the barn and in threshing no one noticed it till it was fed into the separator and the concave was badly broken. Abram Pipher passed through town in the afternoon of Tuesday to Oshawa to get the necessary repairs made, which will cost about $25.

A business man who does not advertise is very much like a man who goes fishing without bait and dangles the naked hook in the water and trusts that some fish will actually run against it and be caught. Not infrequently men will enter some business, put up a little sign and then wait for somebody to accidentally find out that he wants customers. The people of the present day carefully read the ads. of business men so that they may know where to go for what they want. Money is very stringent this season and purchasers will take care to expend it, to what they consider, the best advantage and they will take the newspaper largely as their guide in the matter.

On Friday evening, Nov. 24th, 1893 the members and friends of the Altona Christian Church showed in a very tangible way their appreciation of the faithful labours of their Pastor Rev. C. H. Hainer, by turning out in a body to the number of fifty and taking full possession of the parsonage. The pastor and his wife were invited to the parlor while the ladies ran the kitchen, dining room, and cellar. Many hands made light work. The tables were soon spread with the rich luxuries of earth and the friends invited to be seated around their rich repast. Jacob Stouffer invoked the Divine blessing, on the provisions prepared after which all seemed to do their part nobly. Supper being over the evening was spent in singing and social chat. At about 10 o'clock Jacob Burkholder called the company to order then Martin Hoover read an address in behalf of the church expressing their love and interest for their pastor and his wife. Then J. Burkholder presented the pastor with a purse of $18 in money and goods equally valuable, consisting of dressed fowls, meat, butter, eggs, flour, sausages, groceries &c. not forgetting the horse in the stable but leaving a good supply of oats—in all to the value of $45. To the above address the pastor made a very suitable and feeling reply referring to the strong ties that bind pastor and people together. Truly this is the most tangible way for a congregation to say they appreciate the labours of their pastor.

Spofford, contained in both the Markham and Stouffville stores at the rate of 65½ cents on the dollar, are now determined, as they want to realize the cash as soon as possible, to sell the goods at a wonderful reduction. Just read their advt. in another column.

Robert Annan and his six-year old nephew drove up to the 2nd con. on Monday for the purpose of bringing home some cattle from pasture. While Mr. Annan was getting the cattle into the road, his horse started for home, with the child in the vehicle. The beast kept to the road and was not stopped until it reached the village. When the vehicle came to a standstill the little fellow was found on his knees in the buggy, holding fast to to the the dashboard. The turnout escaped injury of any kind.—News.

Another of those happy events which come to render pleasant the checkered pathway of life took place at Markham on Tuesday when our estimable citizen Dr. I. A. Freel was united in marriage to Miss Jennie Barnes, daughter of Mr. Wm Barnes, of Green River. The ceremony was performed in the Anglican church by Rev. Otto Crott, the bride being supported by her sister Miss Minnie Barnes and the groom by Mr W. J. Stark, banker of Stouffville. The happy couple left by evening train for Kingston and Ottawa, and intend to return to Stouffville on Saturday. The Tribune together with their many friends here wish them the largest measure of happiness.

The Kettleby post-office was burglarized on Thursday night of last week. The safe was blown open, and stamps, three watches, and $53 in money taken. Yesterday Charles Jacobs and Charles King, alias Baker, were arrested, charged with the crime. P. C. Walker arrested the former at 93 Chesnut street, and had rather a hard struggle to induce him to visit No. 2 station in his company. Jacobs strenuously objected to going, but was finally compelled to give in. King was taken by Detective Harrison and Cuddy. He was sleeping the sleep of the just, and on awaking found the two officers waiting to escort him to the station. Both of the accused appeared before Magistrate Denison, of Toronto, Monday morning.

A further sitting of the arbitrators in the case of Vanzant vs. Markham Village is necessary in order to hear more evidence. It seems almost incredible that a council, of which G. R. Vanzant himself was recve, should put a waterworks plant on private property, that of Mrs. G. R. Vanzant without first purchasing the premises or at least having some definite understanding as to what remuneration would have to be made in case of its being called for. Would any member of that council have transacted his private business in such a loose manner? All public business should be even more scrupulously transacted by an individual than his own private business. The public never put too favorable a construction on the official acts of their municipal or other officers, hence it becomes all such, if they wish to maintain a reputation for uprightness, to strive to maintain a conscience void of offence in regard to the duties of their office.

Joen Hays, Credit P. O., says:—"His shoulder was so lame for nine months that he could not raise his hand to his head, but by the use of Dr. Thomas' Eclectric Oil the pain and lameness disappeared, and although three months had elapsed, he has not had an attack of it since."

Headache is generally the result of a constipated or deranged condition of the digestive organs. To cure the headache it is necessary to get at the root of the evil, and for this a toning laxative is much better than a violent purgative. A doctor says, "I know of no better medicine for this purpose than Eseljay's Liver Lozenges.

What a Wonderful Discovery is Perry Davis' Pain-Killer! It not only cures the ills of the human family, but is also the sure remedy for horses and cattle. It has only been known to fail in a cure of the worst cases of bowel complaint; and for sprains, galls, etc., it never fails—try it once. Directions accompany each bottle. Sold by druggists for 25c. a bottle, large size.

S. M. Warriner is always to the front with good goods, and, as he has purchased a consignment at 50c. on the dollar, he is bound to place his goods on the market at a price that cannot be beaten. Don't fail to read his advt. in another column and after that call at his shop to compare quality as well as prices of goods.

A former resident of Altona, who now resides in a far distant clime desires to know what has happened the Altona correspondent and suggests that perhaps he does not think that a former resident is looking anxiously for news from home. Our old home has life long charms for us all and we hope our Altona correspondent will forward us the news of that burg for next issue.

Cured Sick Headache. Mrs. D. A. Campbell, North Segrum, Ont, writes:—"I cannot praise Dr. Williams' Pink Pills too highly. My daughter was a terrible sufferer with sick headache for twelve months, and no medical aid could relieve her, but, by the use of two boxes of your Pills she is completely cured." From all dealers, or by mail at 50c. a box or six boxes for $2 50. Beware of imitations. Dr. Williams' Med. Co., Brockville, Ont.

They seem to understand how to outdo the bailiff in Pickering township as the following from the News would indicate:—The spiriting away of those goods and chattels under seizure at farmer Huston's place a few weeks ago remains as much of a mistery as ever. Since the things were stolen, the barn, containing the grain and the rest of the the seized articles has been burned. The origin of the fire is also an astonisher. If a man steals a horse or a cow he is almost sure of arrest, but here is a case where 16 cattle and 6 horses, besides other articles disappeared without leaving a clue as to the direction they went.

At the suggestion of the Siloam society for the prosecution of Felons a meeting of the managing committee of the Stouffville Society has been called for to-morrow (Friday) evening at 7:30 at the residence of A. S. Leaney, secy. The object of this meeting is to take steps towards memorializing the government to grant letters of incorporation or such legislation as will enable the association to better carry out the objects for which it was organized, as under present legislation its rules and regulations are not sufficiently workable. The Stouffville organization since its inception has given excellent satisfaction and is, no doubt, a great aid for the prevention of those felonious acts which come within its jurisdiction.

Constipation is the parent of innumerable diseases, and should, therefore, be promptly remedied by the use of Ayer's Cathartic Pills. These pills do not gripe, are perfectly safe to take, and remove all tendency to liver and bowel complaints.

It is strange that some people will suffer for years from rheumatism rather than try such an approved standard remedy as Ayer's Sarsaparilla; and that, too, in spite of the assurance that it has cured so many others who were similarly afflicted. Give it a trial.

Spofford & Co. can't advertise shop-worn, moth-eaten, faded and out of date stuff like some merchants do for they don't keep the line but they advertise a good new stock at bankrupt prices. Come on, boys, you're next.

Levi Hoover, of the 10th line Markham, has this week taken over the implement business of Henry Oliver, Stouffville, and will be glad of a continuance of the patronage accorded to Mr. Oliver. His best endeavors will be used to give thorough satisfaction to customers. Give him a call when you want anything in his line.

Don't forget to call at the Big Bankrupt Stock Sale now going on at Spofford & Co's, the proprietors of the old Mammoth, the Original Bargain House, which some small merchants covet; yes, even try to copy the ad. but have not the head to back it up even if they have a surplus of china and moth-eaten, shop-worn goods. But keep cool, brother, for you have heard the story of the curvature of the spine caused by envy and covetousness,—blessed are they who mind their own business.

Our Friends Abroad.—To myriads of people it will be good news that there is to be a Christmas number of the Montreal Star this year. All over the world the Santa Claus spirit gets into the air at the beginning of December, no matter whether times are good or bad. Friends away across the seas, over the broad prairies or even at nearer distances, look for a message, and glad will thousands be that we are to have a glorious Christmas number of the Montreal Star laden down with fascinating gems of art.

The Greatest Slaughter of New Goods of the Age

AT

S. M. WARRINER'S.

Having bought out several clearing lines direct from the manufacturers and wholesale houses at

50 Cents on the Dollar,

We will commence on

Tuesday at noon, Nov. 28,

The Greatest Sale of Good Goods ever known.

Now, you all know that new goods bought direct from the manufacturers are worth more than old shop-worn, moth-eaten, faded and out-of-date stuff, but never mind, we are prepared to put our good goods on the market as cheap as some merchants can trash. We have the money to pay

SPOT CASH

And that's what will bring the bargains, and we have the

BACK-BONE

To offer them at such prices--in fact you would have to steal them to be cheaper.

Now, we do not mean to cut our papers of pins in two or play any fake game, but what we put in print we will carry out to the letter So look out for bargains. We cannot quote a full price list, but would ask the public to compare quality and we are sure they will be convinced we lead in prices.
