Skilled & Technical Help

The Environmental Services Department at York Region has the following vacancy in the Water and Wastewater area:

## PROJECT ENGINEER

\$45,941 - \$53,794

Degree in Civil Engineering or related discipline with a minimum of 5 years of direct experience in engineering project design, project control, construction contract administration and on-site procedures. Eligible for membership in P.E.O. Knowledge of relevant federal, provincial and other government provisions and procedures pertaining to municipal engineering. Proficiency in report writing and verbal presentations. Thorough knowledge of municipal service planning and design. Knowledge of budgeting and budget control. Good knowledge of the organization, methods and business practices of engineering consulting firms. Vehicle and valid Ont. driver's licence are required.

Responsible for assisting the Projects Manager in providing detailed engineering expertise in the assessment of servicing needs, and in the planning, design and construction of Regional water supply and sewage facilities.

This is a non-union position.

Quoting competition number 94-303, submit resume on or before Aug. 12, 1994. We thank all applicants for their interest, but wish to advise that only those selected for an interview will be contacted. All applications/resumes received are collected pursuant to the Municipal Act and will be used to determine eligibility for employment. Questions about this collection of personal information may be directed to the Staffing Coordinator.

The Transportation Department at York Region has the following vacancy in the Planning and Design Branch:

## DESIGN ENGINEER - ROADS

\$49,549 - \$58,787

Responsible for designing and directing and supervising the design of Regional road and bridge projects including the preparation of contract drawings and specifications, and obtaining all necessary approvals. Prepares detailed estimates of project costs. Supervises Engineering consultants and arranges Public Information Centres. Reviews draft plans of subdivisions, site plans, severance applications, rezoning, etc. for Regional approval. This is a non-union position.

Registration or eligibility for registration as a Professional Engineer with the Professional Engineers of Ontario. Minimum three years experience in all aspects of road design, including structures. Supervisory experience would be a decided asset. Vehicle and valid Ont. driver's licence are required.

Quoting competition number 94-315, submit resume on or before Aug. 10, 1994. We thank all applicants for their interest, but wish to advise that only those selected for an interview will be contacted. All applications/resumes received are collected pursuant to the Municipal Act and will be used to determine eligibility for employment. Questions about this collection of personal information may be directed to the Staffing Coordinator.
