ANSWERS

Think safety while out trick or treating

When your little "monster" goes trick or treating Oct. 31, Stay Alert...Stay Safe (SASS) reminds parents and kids to heed the words of Bert and Gert, the Alert Twins, to "stay alert...and stay safe". Parents and children should

discuss these tips to ensure a safe and happy adventure on Halloween night.
 • Wear make-up instead of a mask so you can see properly.
 • Go trick or treating with family or friends. Let people know your route.

• An adult should check your treats before you eat them.
 • Walk - don't run; and look all ways before crossing the street.
 • Only go to homes with their lights on.
 • Don't go anywhere with a stranger.
