Programs announced

(From page 1)

brainstorming session would be arranged sometime towards the end of March including representatives from existing youth programs, volunteers and youth.

"We know what the kids want. But they have to realize there are certain commitments, they have to do something too," said Scala.

Scala, who said the town is also looking to forge a partnership with the YMCA, concluded that the excitement and momentum of such possibilities are endless. "Once the word gets out I think people will say it's a great idea."

The bantam hockey tournament, which will see invitations sent to 33 countries, is to be open to teams from anywhere in Canada as well. It will be run under the auspices of the Whitchurch-Stouffville Minor Hockey Association, with any profits going to that body. The tournament has the support of both the Ontario Minor Hockey Association and the Ontario Hockey Association. It is to include a gala opening ceremonies at the Rec Centre.

Jim Hamm, representing the WSMHA, said the tournament wouldn't interfere with existing house league tournaments and public skating schedules. "We're out to make everybody happy," said Hamm. Local international amateur hockey tournament organizer Gary McDonnell, who officiated at the press conference Monday, will help coordinate the event. McDonnell is chairman of the Mayor's Series Program, with Emmerson, councillors Scala and Cliff Dunkeld also on the committee. Emmerson said the tournament will impact on local business as well as youth because of the dollars which will be spent in town by the visitors.
