

Creative reader submits poem for St. Valentine's Day

Dear Editor,
Here is a poem for Valentine's Day.

Winter is all around us
Winter is all around us, with gray skies and snow.
Then I look into your eyes and I see flowers

and little butterflies.
Noise is all around us but when I hold your hand

I hear a sweet melody that never seems to end.
Smog is in the air and irritates our eyes,
But your fragrance takes me up above

And I'm flying the clear blue skies.
News of mankind's miseries might make our day so sad,

But a kiss on your lips makes the world look not so bad.
To cuddle up by the fire we are going,
While outside the

winter wind is blowing
The windows are covered with ice
But in our soul it all feels so

nice.
Yes, winter is all around us, but just for a little while,
Cause to make it disappear

all it takes is one of your beautiful smiles.
