YORK UNIT - ONTARIO ENGLISH CATHOLIC TEACHERS' ASSOCIATION

## Did you Know York Region is underfunded when it comes to health care?

Health Care Per Capita Funding \*

Provincial  
Average **\$1490**

York  
Region **\$850**

\*Source: Health Expenditures Book  
Based on Public Accounts of Ontario  
1992-93

- York Region is one of the fastest growing regions in Ontario BUT our share of provincial health care dollars has not increased.
- Hospitals and other providers in York Region are finding it increasingly difficult to maintain quality of care and service since funding is not matching the population growth.
- York County, Markham, Stouffville and York Central Hospitals are performing at benchmark efficiency levels, making an increase in funding an investment in three well-managed hospitals.
- Other areas in Ontario are getting more health care dollars per capita.

**Ask your candidates what they are going  
to do about increasing York Region's  
share of provincial health care dollars.**

## Second ice pad inclusion 'insult' to town: Reader

Dear Editor,  
It is a sad day for recreation in our community when a special interest group can be considered to have the majority of our recreation dollar, which is limited to begin with.

Although we were happy to see the fire hall and library mentioned as two of the top three capital expenditures, the mention of the second ice pad in this group is an outright insult to the people of this community.

Our greatest disappointment though, is that this all had to happen behind closed doors where they knew they wouldn't have to be held individually accountable.

Well, they were wrong. We will demand to know how the

councillors stand individually and how they could come to this consensus on behalf of their constituents, when clearly, the public has let them know what should be considered first, in recreation through public letters, personal calls and let's not forget the numerous studies that have been done.

Repeatedly, this group has tried to unify the town to one common goal which would meet the recreational needs of the whole community and still has been consistently ignored by council. Their campaign statements of open government and working for all the people obviously doesn't hold true.

Sue Sherban  
Stouffville

### MARKHAM WAREHOUSE OUTLET

475-5366

One of the greatest developments in the last 25 years is the awareness of nutrition and how it affects our health and fitness. Sunny Crunch Foods Limited, a manufacturer of nutritional products for the last 25 years, has opened a Warehouse Outlet, open to the public.

The unique, 4,000-sq.-ft. facility provides a wide variety of vitamins, sports nutrition, granola bars, nutritional cereals, natural foods, cosmetic, dieting, herbal and homeopathic products for the environmentally and health-conscious consumer.

"We serve people from all walks of life, who are seeking products for every facet of their life which are naturally based," says manager Michael Stephens, pictured above. In addition, the warehouse offers an array of literature on the products they carry to give the consumer a broad base of knowledge.

Visit the Markham Warehouse Outlet at 330 Steelcase Rd. East or for more information call them at 475-5366.

## PICKERING COLLEGE
