

# Voters are very discouraged says FCP candidate

(From page 3)

- A new concept in cooperative employee-management relations.
- Law and order based on justice and common sense.
- Sunday as a day of rest.

FCP candidates are telling the voters that the PCs and the Liberals were kicked out of office because the people were fed up with them and that the NDP "has brought Ontario to the brink of ruin."

The voters in Durham-York are very discouraged, said Artymko. "Nine out of 10 tell me they're not going to vote," he said.

Artymko said the FCP has the best election platform. "The three (main) parties are offering nothing. But, I am an alternative," he said.

# Car crashes, fatalities on rise during summer

Summertime is fast approaching and with a welcome change of season comes an unfortunate change in driver behavior in our province.

The carefree days of summer seem to encourage careless attitudes among a significant percentage of Ontario's 6.7 million drivers. The tragic result is an increase in the number of collisions and fatalities on our city streets, country roads and highways.

York Regional Police will be involved in a province-wide Aggressive Driver Campaign running from June 18 to July 3. This program has been set up in conjunction with the Ontario Association of Chiefs of Police and the Ministry of Transportation in an effort to link enforcement and education throughout the province.

If there are any questions concerning the campaign, please contact Sgt. Postill of the York Regional Police traffic unit 773-1221, ext. 7702.
