# Heart and Stroke Foundation offers words of thanks

Dear Editor,  
I'm sure there are times we all feel that the most

overused words in the English language must be "thank you"

When an organization such as the Heart and Stroke Foundation calls for the help of its supporters, the "thank you" is anything but simple. There is so much meaning contained in the simple phrase because it is truly from the heart.

Over the past many months, our chapter members have been involved in a myriad of fundraising projects that have involved your services at one time or another. For some, we seem to call on your services for every project because you

are so good at what you do.

Despite the recession we find ourselves in, we have been able to meet our annual objective. In our Person to Person campaign, through your support we raised \$34,500. Some small credit can be taken by the committee for its excellent on-going work, but it is the combined efforts of volunteers such as yourselves who deserve the real credit.

We especially wish to thank *The Stouffville Tribune, The Weekender* and Kate Gilderdale for their cover-

age. On behalf of the members of the Whitchurch-Stouffville Chapter of the Heart and Stroke Foundation of Ontario, please accept our heartfelt thanks for your efforts on our behalf.

Maris Anderson  
Heart and Stroke Foundation

## Search for roots continues

(From page 5)

married a Degear, William, married Eliza Jane Scott and continued to live on the farm and raised their seven children.

Their eldest son Joseph married Margaret Pipher and had three sons, one who was Jacob. Jacob married Bertha Barkey and also farmed on the Tenth Line, South across the road. They raised nine children which seven are still living in Stouffville. They are Lorne, Joe, Ross, Margaret, Boake, Dora Reaman and Luella Fuller. Earl, Cliff and Erma are deceased.

I have been tracing all eight branches of my family history for many years and would be interested in any information concerning these families from your readers.

Joyce (Fuller) Dennie
