Reader fumes at Stapley's account

To the Editor,

Re: It was no way to treat a lady

Upset? To say the least! There is nothing that infuriates me more than second-hand news. I was there.

Bruce Stapley, you were not and I didn't see any prominent local family members with a strong background in sport and civic commitment?

The ejection did happen, but certainly not to the severe extent that you portrayed in your article. In the men's slo-pitch league (which is competitive) tempers do sometimes flare, but this occasion was by no means the worst I've seen.

It seems totally ridiculous to slander a good friend just to fill space in your newspaper. I suggest next time you hear small town gossip that you get both sides of the story.

Here's an idea why didn't you phone one of the 22 baseball players that were playing that night?
