said he likes to "interact with people and engage in pro-active dialogue." He added, "I want to provide leadership in responsible and sound community development with special focus on environmental and social issues." If elected, Kontgen said he'll create an "information flow" to keep people informed. Kontgen stresses the need to keep taxes frozen at the present level.

"Municipal government has created reserve funds they need to be invested and spent wisely. It's hard to save dollars so easily spent."

Born, raised and educated in Germany, the multi-lingual Kontgen came to Canada in 1970. He's married to Babette. The couple has three grown children.

~ Carol Davis ~

homemaker, she's a former local telephone company employee and Erie Manufacturing employee. An isolation problem exists in Ballantrae and Musselman's Lake, said Davis. "The people here feel like they're forgotten. I'd like to bring them back into the fold." Davis is especially concerned about local government spending. "If we don't control our spending, we will not be able to control our future." Now that the area has a new water system, growth will follow, said Davis. "It will be extensive." Davis is suggesting that decisions linked to the growth should include the existing residents.

A strong advocate of town hall-style meetings, she wants them held on all major things.

Gardiner's Duct Cleaning tackles dust, makes breathing easier

Dust can be more than just an annoyance if you don't do something about it.

Not only can it be a constant source of work come cleaning time, but it can also irritate your eyes, throat and cause breathing problems.

That's why more and more residential, industrial and commercial customers are calling Gardiner's Duct Cleaning to tackle this problem head on.

Sam and his son Scott have been cleaning heating and air conditioning ducts for five years and they advise anyone who has not had them cleaned for a long time to get it done as soon as possible.

It's a procedure that takes very little time compared to the amount of time clients enjoy clean, dust-free air in their homes and it's further beneficial in that it **reduces heating and cooling costs.**

The large, truck-mounted, 20HP vacuum unit shown in the photo below, packs more power for those tough jobs they encounter.

The procedure is simple. Sam first closes off vents and makes an opening in the main duct. Then, while the vacuum unit sucks air into a holding chamber, a hose is put into the

upstairs vents, one at a time, and blows the dust and dirt into the downstairs unit.

They also use the air snake method which ensures ducts are completely rid of dust and debris. This method consists of a device being inserted into the ductwork while a mobile head reaches into every inch of ductwork to dislodge dust and debris.

"Dust will not only affect your health but ruin furniture and draperies," says Sam. "Having your ducts cleaned cuts down on cleaning and **adds life to your furniture, carpets and drapes.**"

Sam also provides chimney sweeping at competitive prices with service that is always friendly and courteous. Caps and screens are also available to keep out unwanted pets.

Presently, Gardiner's Duct Cleaning is offering a **Winter Special** featuring a hook-up for \$39.95, plus \$5.00 per vent, min. 12 vents and a chimney sweeping for \$49.95.

In addition, there are two new services available with the purchase of duct cleaning: **dryer duct cleaning** for only \$20 and **brick and stone fireplaces** cleaned with free estimates available on request.

Gardiner's Duct Cleaning provides an affordable, long-term solution to home dust build-up. **Deodorizing** is also available upon request. For more information give Gardiner's Duct Cleaning a call at 416-282-3292.

Appointments are available seven days a week from 7 a.m. to 10 p.m.

Customers from Markham to Scarborough to Oshawa, have relied on their service and are now enjoying a healthy home environment. Isn't it time you did too?
