SUPPORT SDSS

On Tuesday, Feb. 11, students from Stouffville District Secondary School will be going door-to-door in the community selling citrus fruits in support of the SDSS music program.

The school is the process of installing an elevator and washroom for physically handicapped students. However, the washroom will take away space from the old music room, so the school applied to the York Region Board of Education for funds to put in another music room during the present construction. The board agreed to cover the basic costs, and the money raised from the sale of grapefruits and oranges will be used to equip the new room. With approximately 200 students in the music program, the facility will be a welcome addition, said parent council representative Arlene Maddock.

In the event of bad weather, students will visit homes on Feb. 13, she noted. Seniors and shut-ins who would like to purchase citrus fruits can place an order by calling the school at 640-1433 for delivery to their door. All other orders will be available for pick-up Feb. 28 at the school.
