

Today, Ken Prentice brings Ross Dixon to Whitchurch-Stouffville.

And that means you can choose from a comprehensive range of investment products, like mutual funds from over 1,300 companies including Trimark, Dynamic, Templeton and Spectrum United. We shop the market for the best GIC rates from over 50 institutions. We

offer RRSP loans at prime, mortgages and special investment options like the Ross Dixon "Best Choice" plan. And because, unlike most financial institutions, we're completely unbiased, we can be honest and objective about which vehicle is best for you and why.
