Library News

Books, tapes bring warmth to winter

In the deep freeze of February, many a fancy turns to thoughts of warmth: the warmth of Mexico, the Caribbean and all geographical points above 20 degrees C.

In the library's temperate zone, we can tell by the number of gardening books and travel guides that have been checked out recently, that many of our patrons have been wishing the winter away.

The Fodor's guides to the Bahamas, Florida, Miami and the Keys, Costa Rica, South America and that Florida hotspot, Disney World, have all been taken out, preparatory, we enviously assume, to a vacation in the sun.

Soon it will be time for the March Break migration of Canada goosebumps to southern habitats and the library has a few book suggestions that might enhance the journey and the holiday.

If you're driving down in a car that has a tape deck, talking books can provide wonderful entertainment for the whole family. We have adult and junior titles that will miraculously while away the tedious hours on Interstate 75. Most of these audio books are read by well-known actors so the presentations are clear

and dramatic.

Our books of games and puzzles are also handy distractions for restless kids (and adults) on a long journey. Let them try to manoeuvre their way through: Super-colossal Book of Puzzles, Book of Puzzlements, Best-ever Book of Indoor Games, or, if you take along a handy ball of string, Cat's Cradle, Owl's eyes (a book of string games).

When you reach your destination and have settled down on the warm sand to read, we hope you have a good supply of our second-hand paperbacks on hand. These used books are on shelves between the library's entrance doors and are on sale for 50 cents apiece. If you lose it in the sands of Acapulco or spill liquid on the pages, you don't have to worry - it's not a library book.

All this talk of holidays brings us to March Break and the activities that have been planned for the library. As usual we will be bringing in live entertainment - four fabulous presentations, March 11-14. There will be more about this in a later column, for all you lucky folk who are staying home.

Groups offering healthy programs sought by YR Heart Action

Heart Action York Region is one of five heart health promotion projects in Ontario funded by the Ministry of Health.

The mission of Heart Action in York Region is to promote heart-healthy lifestyle choices for those who live and/or work in York Region.

Heart Action in York Region, through its Community Development Initiative, will award grants of \$500 to community groups, individuals or non-profit organizations interested in providing a heart-healthy program in York Region. The program should emphasize active living, healthy eating, or being smoke-free.

The spring deadline for grant requests is March 3, 1997. For information and applications contact Heart Action York Region at 905-836-4744 or 1-800-267-2328.
