

Mite selects even series

Michael Del Zotto scored five goals to back up a strong defensive effort by the E.M.S. Carpet mite selects as the Stouffville squad bounced Applewood (Mississauga) 7-1 in the second game of the playoff series between the two teams.

The selects, who dropped the playoff opener 4-1, came up with a solid team effort in coming back to even up the series.

The Stouffville outfit also got goals from Ethan Werek and Jeff Kavluk.

Assists went to Michael Sooley (2), Kurtis Hulshof, Scott Bolton, Grant Somerville, Werek and Del Zotto.

Whalers remain unbeaten in SAHL playoffs

It was upset day as the Stouffville Amateur Hockey League's 40 and over division played game two of their four-game playoff round robin Sunday at the Rec Centre.

The Ken May Real Estate Whalers, who finished second in the season standings, remained the only unbeaten team as they slipped past the Rand Pools Maple Leafs 3-2.

The loss left the last place Leafs winless in two post season matches.

The V.E.C. Enterprise Ducks, who finished the season in second last place, staged the upset of the day as they came from behind to down the first place finishing Occasions Catering Blues 6-2.

The Blues playoff record slipped to a win and a loss. The Houston Ford Flyers, who ended up in third place, were defeated 5-4 by the Kings, who placed fifth in the eight team loop.

Henry Stevens had the hat trick as the sixth place B. Phillips Enterprise Lightning topped the fourth place Stouffville Travel Black Hawks by a 6-2 count.

All teams but the Whalers and Leafs have a win and a loss in two playoff outings.

The league's 30 and over division closed out the regular season April 2, with the Boyd's Sports Sharks clinching first place with a 5-4 win over the Mackenzie Insurance Devils.

Barry Greenshields netted a pair for the Sharks. Bob Osborne was a two-goal man to help the Williamson Motors Jets edge the Flyers 3-2.

In the third game it was the Fullerton Flames upsetting the Hunter's Nest North Stars 5-2.

The 20 and over division also finished off the regular schedule April 1 as the runaway first place finishing Bruins got a hat trick from Gary Carr in a 7-4 win over the Penguins.

In the other contest the Gallo Real Estate Red Wings doubled up the Ghosts 8-4.

Faceoffs. Registration for the 1997-98 season has started. Players can sign up at the Rec Centre during the game time, or at Boyd's Source for Sports.

The SAHL is scheduled to hold a six-team recreational summer league, which will be open to league players only.

The 12-game season gets under way June 12 at the second ice pad running through Aug. 27. Games will be played Wednesdays at 8:30, 9:30 and 10:30 p.m.

While referees will be used, it will be a fun league with no standings kept.

SCORE BOARD

WHITCHURCH-STOUFFVILLE MINOR HOCKEY ASSOC.

Michelle's goals: Greg Smit 1 goal, 3 assists; Brett McIntyre 2 goals, 1 assist; Adam Pappas 1 goal, 1 assist.
Credit Union goal: Mike Benincasa.

YOU AND YOUR BUSINESS CAN PROFIT THROUGH INVESTMENT IN THE MARKHAM WAXERS

Have you ever thought of becoming a part owner or percentage shareholder in the Markham Waxers Junior "A" Hockey Club. We are seeking new investors and/or partners from within our community.

Hockey is Canada's sport! Since our inception, the Markham Waxers have been synonymous with the Town of Markham. The Waxers are a significant part of our community, offering Markham youth, their friends and families the opportunity of the Canadian Dream. An opportunity to play a sport we all love, hockey in our hometown. Waxer players in return demonstrate to the youth of Markham, pride, dedication, commitment and good competition with strong family values and a commitment to education. The Waxer's represent Tradition, Heritage, Community Youth & Education.

HISTORY-TRADITION

Did you know the Waxer's were a farm team of The NHL's Toronto Maple Leafs and the Toronto Marboroughs? Junior hockey has been played in Markham since the 1930's.

The team is now 100% owned by Don Bremner and his two partners in Restoration Environmental Contractors, Brian and Steven Ball. They proudly purchased the Waxers three years ago because of their love of hockey and their desire to support their community and especially the youth. You too can join and be proud of being a part owner of a great hockey organization.

As a part owner an individual or business will benefit by receiving positive exposure with their direct involvement and association with the team. Consumers support businesses that support the community.

The Waxers are a non-profit organization. The owners have spent a great deal of their own personal time and money to rebuild the Waxers and finance the team. They feel that by sharing the ownership with others in the community that the Waxers can continue on a positive step forward towards building for a championship. With the addition of new enthusiastic people and ownership, come new volunteers, new ideas and new positive energy.

The Markham Junior Hockey Club has been proud to represent the town of Markham for over sixty years across Canada, the USA and Europe. Over 100 Waxer's have gone on to the NHL, and another 350 Waxer graduates have gone on to success in the OHL, college or university and on to professional hockey.

INVEST IN YOUR COMMUNITY - OUR HERITAGE

There are 100 ownership/percentage shares in the organization. The owners are prepared to offer a minimum of 50% ownership percentage shares for sale to interested parties. Each ownership percentage share is valued at \$1,000.00. Each owner/partner will have direct input and sit on the new Board of Directors and be directly involved in the direction of the hockey club.

The benefits of being involved with the Waxers are many. The Waxers have many avenues of advertising available including, rinkboards, calendars, internet and programs. Many of the clubs' photos, schedules, ads and calendars appear in numerous Markham business establishments. As an investor/partner they are all available to you. A potential investor who is involved with sports will have the opportunity of using the team to promote their business or service.

As an owner and Director of the Waxers you will have the opportunity to be involved with a great hockey program and the operation of the team, as much or as little as you wish. Investors are encouraged to take part in as many activities as possible. The greater the involvement of the investors, the lower the operating costs and the higher the revenues. For example, an investor could engage in activities such as scouting for players, that interests them. A partner could provide accounting services to the team. They could encourage their business associates to support the team through various promotions, advertising or donations.

YOUTH & EDUCATION: OPPORTUNITY

The opportunity of working with youth of this high calibre who have already demonstrated commitment and perseverance can be extremely rewarding as they move on to higher education and athletic goals, such as university scholarships and professional hockey careers.

Another benefit of being involved with hockey at this level is the building of relationships with other individuals who share a dedication to the sport of hockey. These people come for all walks of life. They can become valued friends, customers, references or advisors. Markham Centennial is now truly a community centre on Friday Nights.

COMMUNITY, YOUTH, TEAM WORK

In closing, the Markham Waxers Junior "A" Hockey Club would like to thank all of their sponsors, volunteers and supporters. Finally I personally would like to thank our loyal fans, all the minor Waxers players, coaches and volunteers and especially the students of Unionville and Markham, that raised over \$7,000.00 for charities in 1995-96.

YEARBOOK, PROMISE, FUTURE, COMMITMENT

To promote the Waxers' Hockey program, a Waxer's Yearbook was published with all 28 Waxer Minor Teams. This yearbook was sent out to over 460 different colleges, universities, scouts, agents, OHL Central Scouting, all pro teams including the NHL. We are proud sponsors of the Tony Roman Memorial House League Tournament and give out over 50,000 free tickets to students in Markham & Unionville.

We also advertise our players and our program in the U.S. College Hockey guide and are now the local distributors of this guide in Toronto area.

Our Junior team is proud that the minor hockey teams in Markham and Unionville adopted the Waxer name and logo. The organizations have benefited by working together on common causes, sponsoring and supporting each others activities. We look forward to a long and prosperous relationship to carry on the tradition.

"MARKHAM BOARD OF TRADE AWARD OF MERIT"

In the past two years our record was 59W-36L-9T including winning the Metro Classic Tournament Cup-1995 and we were the proud recipient of The Markham Board of Trade's prestigious "Award of Merit".

The Markham Waxers would like to present you with this exciting and rewarding opportunity. Please contact Don Bremner, Brian Ball or Norm Lamarre at (905) 477-4359 or Email at waxers@inforamp.net.

MARKHAM MINOR HOCKEY ASSOC.
