# Focus on Business

(L-R) Owner of Mr. Green Thumb Lawn Care & Maintenance Vince Giuga and his staff Ron Neveu, Nick Elias and Tom Asprovski can help your lawn look its best this summer.

## Customer satisfaction guaranteed

*Mr. Green Thumb uses quality products by qualified technicians*

Even though we still have our shovels, ice scrapers and hats and mittens out, now is a good time to start thinking about our yard - and what we want it to look like come summer.

"People should ... get an early start (on their yard) to ensure its proper growth and health," said Vince Giuga, owner of Mr. Green Thumb Lawn Care & Maintenance.

And when people call Mr. Green Thumb to look after their yard, they are getting high-quality products applied by qualified technicians

The local company that has been serving residents of Markham, Stouffville, Richmond Hill, Thornhill, Scarborough and North York since 1986, offers a variety of lawn care and maintenance programs to their clients.

**LAWN CARE PROGRAMS**

- **The Standard Program** offers spring, summer and fall fertilizing and annual Broadleaf weed control
- **The Deluxe Program** offers spring, summer and fall fertilizing and annual Broadleaf and Crab grass control and spraying for insects.

"It's our most popular program," said Giuga. "This is highly recommended for lawns that have had Crab grass and insect problems in previous years."

- **Lawn Aeration** is where small cores of soil are removed from the lawn to improve fertilizer uptake and turf grass growing and reduce water runoff and puddling.

"It's highly recommended in mid-to late-spring for optimal results."

**GROUND'S MAINTENANCE**

- **Weekly Lawn Cutting** includes cutting and trimming the lawn throughout the growing season. Staff will then bag or mulch the clippings, leaving a clean cut appearance throughout the year, he said.
- **Complete Grounds Maintenance Program** includes spring cleanup, pruning trees, weekly lawn cutting, general gardening and fall cleanups.

The prices for all these programs are very competitive, said Giuga. "You are getting a good value for your dollar," he said.

People who aren't sure which program best meets their needs, staff from Mr. Green Thumb will come out and give a free lawn analysis and estimate.

And once hired, staff from the family-run company will monitor the client's yard throughout the season.

And this is done because customer satisfaction is very important, he said. "I believe customer satisfaction is the key to any successful business. Our guarantee has always been a healthy, darker shade of green."
