

# TARTS, TARTS, TARTS AND MORE TARTS!

This special is the result of us not being able to agree on which of our tarts to put on special this week. We solved the dilemma by putting them all on special - this in consideration of the fact that each have their own following.

So, mix or match this week from our selection of tarts. We have...

- \* Runny Butter Tarts with raisins
- \* Maple pecan tarts
- \* Cranberry - Butter Tarts with white chocolate and...
- \* Rhubarb - streusel tarts.

## POTATO AND LEEK - SOUP -

Jaana, our soup Diva (and summertime Salad Diva) starts with potatoes and leeks which are cooked in homemade stock, seasoned with pernod and white wine and then pureed in her not so new Robot-Coupe, which in her words, does "an awesome job".

The result? Incredible potato and leek soup in great quantities - and this week at an even greater price!

## SMOKED SALMON AND PASTA SALAD

This salad is made with, in our salad Diva's words "Evans beautiful salmon, tri-coloured pasta (Rotini & Farfalle), fresh dill, fresh lemon juice and a dash of oil and spices".

In our words it's wonderful, as our staff can attest to this salad, having passed the lunchroom test at the grocer.

## CHEDDAR SAUSAGES

Our friends Keith and Helen Young, who live in the area, own a butcher supply business which includes the sale of spices and seasonings. (Remember the blueberry sausages?). Keith will usually bring me recipes for unique sausages as they cross his path - and this is one which he brought months ago - but we didn't use it for reasons unknown.

A couple of weeks ago, he asked me to make up a batch for him to take to a trade show in Alberta. We made extra for ourselves to try at the time and the verdict was... GREAT! So here they are this week - with 4 year old cheddar of course!

## TERIYAKI SALMON

This is a great B.B.Q. or oven roasting dish. We use fresh Atlantic Salmon, skinned and totally de-boned, then cut into individual serving portions and marinated in our own teriyaki sauce. It's really delicious.

## MIXED ORGANIC SALAD GREENS

Appearing a minimum of three times a week on our table, we love the ease (they need no washing), versatility and intriguing flavour of this mixture of greens. They can be used solo or as an addition to your favourite lettuce combination to create delicious salads. If you've never tried them, this is a good time because they would be a perfect compliment to our Teriyaki Salmon.

## TIP OF THE WEEK ASPARAGUS WITH ALMOND BUTTER

When the local asparagus season starts, asparagus is everywhere and we eat ourselves into an asparagus frenzy - steamed, roasted, frittata, with pasta... This dish is quick and superb. Remember - don't overcook the "grass" - it should be a bit crunchy.

- 1 pound asparagus spears, cleaned and cut into 1" pieces
- 1-2 tablespoons olive oil
- 1 small clove garlic, crushed
- 1 tablespoon butter
- small handful of sliced almonds
- squeeze of fresh lemon juice

Blanch the asparagus in boiling water for 2 minutes - rinse with cold water immediately. Heat the oil and garlic in a large frypan. Add the asparagus and cook 1-2 minutes, then remove to a serving dish. Add the butter and almonds to the pan and stir-fry until golden. Add the lemon juice and pour the sauce over the asparagus.

"We try to make sure that we have adequate supplies, but when they're gone, they're gone. It's best to shop early to avoid disappointment!"
