

# Youngsters invited to wheel on over to the library and learn about reading programs

School's out and children are wheeling around town, enjoying the first euphoric days of summer holidays.

They're on bikes, on boards, in-line skates, flipping about with

daring-do dexterity and inexhaustible energy.

Although some youngsters have actually been spotted making their way on foot, wheels, it seems, have become the preferred

appendage for summer mobility.

## LIBRARY NEWS

Our library is an excellent source of information for anyone who wants to know more about the techniques and challenges of skateboarding, in-line skating and all species of bicycling.

Ergo, push, glide or peddle on over to check on our collection of books on these subjects, but please, leave your wheels at the door.

Another two very good reasons for youngsters to wheel over to the library is to participate in The Trail of the T-Rex, our free summer reading program which is now in full swing, and to enroll in the St. John Ambulance courses for babysitters which will be held August.

The St. John courses are one-day workshops that focus on instruction and hands-on activities designed to build confidence.

The course What Every Babysitter Should Know takes place on Aug. 20, 10 a.m. to 5 p.m. It is open to ages 11-14 and costs \$35.

Emergency First Aid for Kids, on Aug. 21, 10 a.m. to 6 p.m., is open to ages 11-15 and also costs \$35.

These courses are expected to fill up quickly so anyone interested in participating should register at the library as soon as possible.
