

Child Find seeks volunteers

Last year 55,749 children were reported missing across Canada.

Happily partnership with its volunteer members, police agencies, customs officials, etc. 52,644 were located/recovered.

Child Find Ontario has been dedicated since 1984 to the search for missing and exploited children. The organization has both a proactive and a reactive role: to increase awareness, to reduce the incidence of missing and exploited children through educational programs.

Child Find Ontario is Canada's oldest, largest, and most comprehensive missing children agency.

If you are interested in making your community a safer place, please contact

Child Find Ontario at 1-800-447-6047 for a volunteer application and information package. Applicants should

have a genuine concern about child safety, and a desire to help yourself, and your community.
